April 6, 2017

To Whom It May Concern,

Please find attached my application, entitled "Population Genetic Modeling of the Genetic Architecture of Complex Disease", which I am submitting for consideration under the Ruth L. Kirschstein National Research Service Awards for Individual Postdoctoral Fellows – F32 (Program Announcement PA-16-307). It seems appropriate that this application should be assigned to the following institute:

• National Institutes of General Medical Sciences – NIGMS

and to the following Fellowship Study Section:

• Genes, Genomes and Genetics – F08.

I have requested that letters of reference be submitted by:

- Graham Coop, PhD (PhD Supervisor), Professor, Department of Evolution and Ecology, University of California, Davis
- Charles Langley, PhD (Dissertation Committee member), Professor, Department of Evolution and Ecology, University of California, Davis
- Michael Turelli, PhD, Professor, Department of Evolution and Ecology, University of California, Davis

| I hone | that everyth | ing is in or | der and tha | ank vou for v | your consideration. |
